[No Guns allowed during march?](#)

posted 5 days ago by [Beyonder \(edited\)](#) +98 / -0

Constitution: You have a responsibility to keep and bear arms in case this government gets out of control.

Out of Control Government: Just Kidding!

I would like to encourage gun owners to disobey any laws they feel are blatantly unconstitutional.

Edit: Definitely check DC gun laws before taking any action. Know the potential consequences of anything you intend to do. It's my hope that there will be so many people as to make all laws virtually unenforceable. Patriots know how to police themselves.

DC will arrest you for mere possession of a spent shell.

Not saying anybody should or should not do anything.

Just be aware of the environment in which you are operating.

Also note that getting caught with a gun in a DC gun-free zone carries a maximum penalty of 10 years in prison and \$25k.

Definitely avoid getting arrested. Hopefully the amount of people will be so overwhelming as to be virtually impossible to enforce anything.

This post is glowing and my eyes hurt

Would you like those bringing guns to also DM you pictures of their driver license or state ID?

glowing? I would hope that anyone intending to disobey a law wouldn't openly state their intent. That's not the same as supporting the idea.

If you're armed, you better be with a few hundred fellow armed patriots that are prepared to shoot if they try to take away your guns.

The guns aren't for the march. There for ripping the rats out the nest.

It would be a powerful message if thousands brought firearms and all simultaneously racked a round after reading the rules of the DC gun free zone with chants of "MOLON LABE!" lol I doubt the police would do shit when they hear and see over 10K guns get cocked.

Those signs on the lamp posts aren't for you, they are for anyone coming covered by LEOSA. Use your imagination as to who that would be.

I don't remember seeing it for DC. In another thread we were talking about how it's been the law in DC that you can't open carry or conceal carry. What a shit state of affairs, to have a constitutional right to arms to keep the government in check and that same government passing unconstitutional laws curtailing the right to carry & keep them in check.

Not saying people shouldn't fight for their constitutional rights, but they need to understand the risks (10 years in prison, tens of thousands in lawyer fees, having to travel back and forth to DC) before blindly believing they are untouchable because someone random 4chan troll told them so.

The press wants you to believe it is last minute and so do some shills on here. These laws have been on the books in D.C. for decades and you can simply verify that yourself by googling it so you don't have to take my word for it. Only FFL and active or retired LE can conceal carry in D.C. at ANY time. Open carry is NEVER allowed by ANYONE. This is not new.

I'm not sure why you're being downvoted for stating the current legal situation. The real crime is that we allowed it to happen.

You may always choose to disregard unconstitutional laws in an act of civil disobedience. But the laws are on the books and DC has proven they'll enforce them. Be aware of potential consequences and decide what you will, like a grownup.

I didn't downvote. I read about the laws after posting. So much about this presidency has brought to the forefront the grim reality that so many of our rights have been taken away. I don't even understand how these unconstitutional laws can stand and be enforceable.
